**Technology and Management Solutions Helps Windward Reports Launch User Forum
*Extraordinary Customer Programs Key to Growing in Tough Times***

Boulder, Colo. (December 17, 2008) – Technology and Management Solutions, LLC, a Boulder-based management consulting firm headed by Theresa M. Szczurek, is helping firms grow and thrive -- even with a faltering economy. Technology and Management Solutions (TMS) helped Windward Reports, a software company that is a leader in enterprise report generation, design and launch the Windward Advisory Group (WAG) and Windward User Forum (WUF). TMS is facilitating the Windward groups going forward.

“Technology and Management Solutions offers tremendous value in helping build stronger customer relationships,” stated David Thielen, Founder and CEO at Windward Reports. “Building upon a proven framework that TMS developed over the last 15 years while organizing and running successful customer programs for large and medium-sized companies across the world, we were able to quickly and efficiently implement this strategic initiative. Since Windward had not done this kind of program before, it really helped that TMS provided strategic direction and kept our team on track executing all the tactics. The results were extraordinary—nearly 100% of participants were satisfied with the inaugural WUF and plan to participate on ongoing basis.”

Windward Reports offers intuitive reporting software that allows non-technical users to generate reports. Windward reduces complexity, production time and total cost in generating reports. Using Microsoft Word, Excel or PowerPoint as its layout tool, it requires no training to use, and no new software to learn. With users that span 70 countries in diverse industries from financial services to government, and applications which include generation of financial statements, inventory summaries, purchase orders, invoices, timesheet, offer letters, and detailed reports that meet Sarbanes-Oxley and other legal requirements. Visit www.windwardreports.com.

Technology and Management Solutions, LLC (TMS), a management consulting firm, offers strategic planning and execution, market development, people and process alignment, and ongoing performance improvement that provides a triple bottom-line impact with economic, environmental, and social benefits. Using principles she teaches, Theresa M. Szczurek, Ph.D., founder and CEO, grew her previous company from \$0 to where it was sold for over \$40 million in less than six years. TMS helps organizations and their leaders reach new heights by igniting their passion, aligning it with a meaningful purpose, and pursuing it relentlessly with a plan as a means to produce extraordinary results. Szczurek is also a professional speaker and author of the Amazon bestseller ***Pursuit of Passionate Purpose***, in which she provides her proven, step-by-step formula for success, and the popular blog Radish Sprouts™ (www.RadishSprouts.typepad.com). Visit www.TMSworld.com and www.PursuitofPassionatePurpose.com.
